PAUL GARROD

JUNIOR WEB DEVELOPER

Competent using HTML, CSS and Javascript (familiar with JQuery) to create and configure custom interfaces. Accustomed to CSS Frameworks for responsiveness. Managerial background provided strong communication skills, experience training/ leading teams, ability to implementing business strategy, and of course exceptional customer care.

Portfolio: www.paulgarrod.dev

www.paulgarrod.dev
Collection of hands on experience using HTML, CSS, Javascript and Bootstrap. Hosting on Netlify with code available on GitHub.
* Fully responsive portfolio with responsive navbar.
* Integrated resume download function.

https://uk-covid-data.netlify.app/
Developed a web page displaying live data from the UK Government Covid API, includes a date filter.
* Created using Javascipt. Utilizing fetch API to access data, with async functions and promise chaining used to display live data.

www.ppislands.com
Designed and created travel/ diving information site which compliments a Facebook group for which I act as an administrator.
* Created in GOORM IDE with, Express.JS, NPM, hosted on Heroku.

Web Developer Education

* Looking to enroll into a postgraduate IT/ Computer Science course in 2021.
* Online boot camp introduced a lot of technologies utilized in full stack development providing a solid foundation of understanding.
  * Produced a classified ads page *(www.lovelocalnz.com)*
* Javascript boot camp solidified OOP and higher level functions, allowing me to create my own ideas such as the Covid data site.
* React is my next course and will allow me to utilize a framework.

Business Manager 2012 - Present

UK, Australia, New Zealand.

* Developed standard operating procedures, to act as step by step guides to my management team.
* Trained multiple teams to execute business strategy, resulting in the highest sales in a decade, KPI scores in the top 20% of the company and Audit scores in the top 10% of the company.
* Brainstormed through discovery sessions with board members to improve upon and sustain business success.
* Prepared stakeholder status reports with business improvement plans. Communicating financial, operational and workforce performance.

EDUCATION

Bachelor of Science (Hons) in Psychology

University of Lincoln, England, UK

* Coordinated a research project, collected data and analyzed results to write a report on personality traits which contribute to undergraduate binge drinking.
* Utilized SPSS Statistical analysis software to analyze psychological data, communicating results using presentations, reports and essays.
